

Eltete Slitting Machine

ESM-2500

Introduction

Robust paperboard slitter suitable for slitting all kind of recycling-, chip-, coreboards from big reels into small bobbins suitable for production of edgeboards, cores, tubes and other products.

The bobbins are after the slitting easy to split thanks to the ESS (easy splitting system).

ESM-2500 Specification

Un-winder max width	2500mm	Re-winder max width	2500mm
Un-winder max \varnothing	1600mm	Re-winder max \varnothing	1600mm
Un-wind core size	50-150mm / 2"-6" conical	Re-wind core size	76mm / 3"
Max speed	360 m/min	Power supply	14 kW
Cutting blades	16 pcs	Power source	380 V
Dimensions	7,5 x 6 x 2 m (L x W x H)	Total weight	8 800 kg
Bearings	NSK, ABC	PLC	Delta
Pneumatics	Airtac	Safety relay	Omron
Hydraulics	YYDYW	Contactora	Siemens
